

**INSTITUTION** : International Study Centres – United Kingdom

The International Study Centres (ISCs) UK is a partnership with ten universities offering on-campus International Foundation Year programmes in each of the partner universities.

Each ISC is run by Study Group, a leader in education and training for international students.

The International Foundation Years are designed to prepare international students fully for the challenges of undergraduate study at a British university. The course is aimed at students who have completed high school and want to go to university in England or Wales.

10 Partner Universities Include :

**INTAKES** : January, September

**PROGRAMMES OFFERED** : **International** Foundation Year, English Language courses and Pre Masters programmes.

**ADVANTAGES** :

- Integration into the University community - ISC students live in student accommodation, study on campus and have access to university facilities

- ISC students enjoy the very best of both worlds: tailor-made provision for international students and a university campus experience
- On successful completion of the ISC course, students are guaranteed progression to a degree at the host university

At the Wales International Study Centre, students are offered a pathway to 11 outstanding universities throughout Wales: Aberystwyth University, Bangor University, Cardiff University, University of Wales Institute Cardiff, Royal Welsh College of Music & Drama, Trinity College Carmarthen, University of Wales Lampeter, University of Wales Newport, University of Glamorgan, Swansea Metropolitan University and North East Wales Institute.
